Slavery and Human Trafficking Statement

- Instep UK's core values are at the heart of everything we do. We are committed to running our business responsibly and in accordance with the high standards embedded in our core values.
- 'Individual liberty', 'respect for the rule of law' 'equality' and 'mutual respect' are among our United Values. Slavery and human trafficking are very plainly incompatible with these values.
- We expect the same high standards from our suppliers and all external stakeholders we work with.
- Our Procurement Policy helps us to consider issues around modern slavery and human trafficking with our supply chain.
- We have policies and procedures in place to encourage and respond to public interest disclosures and to protect whistle blowers.
- At the end of each financial year, we check the register and/or write to every supplier with a trading balance with Instep UK for that financial year of over £15,000 requesting details of the steps they are taking to ensure that slavery and human trafficking is not taking place within their businesses and within their supply chains. We also request copies of any relevant policy documents dealing with this issue. We receive and log their responses to ensure their approach is consistent with ours.
- We will work with our suppliers to ensure that our approach to slavery and human trafficking is reflected in all our purchases of goods and services, and, so far as reasonably practicable, that neither we nor they are involved in any way, either directly or indirectly, in slavery and human trafficking.
